Go Math Tips for Parents:

- Start every lesson by working through the example problems WITH your student. Videos that do this are available on Think Central if you prefer that support. The “Share and Show” section should be done by your student with you still overseeing and offering support as needed. Then have your student do the “On Your Own” problems by themselves. Check for mistakes at when they have completed those problem and review/fix any mistakes at that time.
- Do not feel pressured to do every problem on every page. Some of the lessons have a lot of problems that are repetitive in structure. You can individualize the workload to meet the need of your student by picking a couple problems from each section at random, doing just odds or evens, etc.
- The lesson is in color and the “practice”/“review” are the gray pages at the end of each lesson. You can substitute these pages in. ***It is suggested that students completed all of the “Spiral Review” questions on the gray pages each day.*** This helps keep ALL grade level concepts fresh.
- Answer keys (TE) are available by logging into Think Central.

2nd Grade Go Math Weekly Lesson Plans Semester 1

Week #	Teach lessons	Skills covered
1	Chapter 1 1.1-1.4	Working with even and odd numbers, understanding place value and expanded form
2	1.5-1.9	Word problems with 10s and 1s, counting patterns within 100 and 1,000

3	Chapter 2 2.1-2.4	Exploring, modeling, and grouping 3-digit numbers
4	2.5-2.8	Place value to 1,000, different ways to show numbers
5	2.9-2.12	Number patterns, comparing numbers using word problems and algebra
6	Chapter 3 3.1-3.4	Doubles facts, adding with 3 numbers
7	3.5-3.7	Relating addition and subtraction, using ten to subtract
8	3.8-3.11	Addition strategies: using drawings, equations, and repeated addition
9	Chapter 4 4.1-4.4	Working with 2-digit addition, using the break apart method and compensation
10	4.5-4.8	Practicing and rewriting 2-digit addition
11	4.9-4.12	Algebra: writing equations, finding sums for 3 and 4 addends
12	Chapter 5 5.1-5.4	2-digit subtraction strategies: break apart and modeling
13	5.5-5.8	2-digit subtraction, solving multistep problems
14	Chapter 6 6.1-6.6 <small>*lesson 6.1 is optional</small>	3-digit addition (break apart method, regrouping tens and ones)
15+	6.7-6.12 <small>*combine lessons 6.8 and 6.9</small>	3-digit subtraction (regrouping with tens and ones)

2nd Grade Go Math Weekly Lesson Plans Semester 2

Week #	Teach lessons	Skills covered
1	CHAPTER 7: MONEY AND TIME Lessons 7.1, 7.2, 7.3	Dimes, nickels, pennies, and quarters
2	Lessons 7.5, 7.6, and 7.7	Working with one dollar and amounts greater than \$1

3	Lessons 7.8, 7.9, 7.10, 7.11, 7.12 *combine 7.10 and 7.11 and teach on the same day	Telling time to the hour, half hour, and within 5 minutes
4	CHAPTER 8: LENGTH (CUSTOMARY UNITS) Lessons 8.1, 8.2, 8.3, 8.4, and 8.5	Using a ruler, estimating length, adding and subtracting in inches
5	Lessons 8.6, 8.7, 8.8 and 8.9	Measuring in feet, choosing the correct measurement tool/unit
6	CHAPTER 9: LENGTH (METRIC UNITS) Lessons 9.1, 9.2, 9.3, and 9.4	Measuring in centimeters, adding and subtracting with centimeters
7	Lessons 9.5, 9.6 and 9.7	Measuring in meters, adding and subtracting with meters
8	CHAPTER 10: DATA Lessons 10.1, 10.2, 10.3	Collecting data, reading and making picture graphs
9	Lessons 10.4, 10.5, and 10.6	Reading and making bar graphs
10	CHAPTER 11: GEOMETRY & FRACTION CONCEPTS Lessons 11.1, 11.2, 11.3	Introduction to 3-dimensional shapes
11	Lessons 11.4, 11.5, and 11.6	Introduction to 2-dimensional shapes
12	Lessons 11.7, 11.8, and 11.9	Showing equal parts of a whole, partitioning shapes
13	Lessons 11.10 and 11.11	Describing equal parts and solving word problems with equal shares
14+	Review/catch up	**Have chapter 11 finished by last day of school
