Go Math Tips for Parents:

- Start every lesson by working through the example problems WITH your student. Videos that do this are available on Think Central if you prefer that support. The “Share and Show” section should be done by your student with you still overseeing and offering support as needed. Then have your student do the “On Your Own” problems by themselves. Check for mistakes at when they have completed those problem and review/fix any mistakes at that time.
- Do not feel pressured to do every problem on every page. Some of the lessons have a lot of problems that are repetitive in structure. You can individualize the workload to meet the need of your student by picking a couple problems from each section at random, doing just odds or evens, etc.
- The lesson is in color and the “practice”/“review” are the gray pages at the end of each lesson. You can substitute these pages in. ***It is suggested that students completed all of the “Spiral Review” questions on the gray pages each day.*** This helps keep ALL grade level concepts fresh.
- Answer keys (TE) are available by logging into Think Central.

1st Grade Go Math Weekly Lesson Plans Semester 1

Week #	Teach lessons	Skills covered
1	Chapter 1 1.1-1.4	Using pictures and modeling addition
2	1.5-1.8	Adding with zero and addition with numbers 1-10
3	Chapter 2 2.1-2.5	Using pictures and modeling subtraction (“take away”)
4	2.6-2.9	Subtraction to compare and using numbers 1-10
5	Chapter 3 3.1-3.4	Working with doubles

6	3.5-3.8	Doubles plus or minus 1, adding with 10
7	3.9-3.12	Adding 3 numbers, addition word problems
8	Chapter 4 4.1-4.3	Counting back and using "think addition" to subtract
9	4.4-4.6	Introduction to subtraction strategies: break apart, using 10
10	Chapter 5 5.1-5.5	Addition and subtraction word problems, using addition to check subtraction
11	5.6-5.10	Intro to Algebra: using related facts, ways to make the number 20, equal and not equal
12	Chapter 6 6.1-6.3	Counting by ones to 120
13	6.4-6.6	Counting by ones and tens to 50 and 100
14	6.7-6.10	Modeling, reading, and writing numbers 1-120
15+	Review/Catch up as needed	**Have chapter 6 finished by Winter Break
